Summary

BICT (Hons) undergraduate at the University of Sri Jayewardenepura with hands-on experience developing microservices and full-stack applications using **Java, Spring Boot, React/Next.js**. Eager to contribute backend and cloud expertise to impactful, real-world projects.

Education

University of Sri Jayewardenepura	Jul 2024 - present
Bachelors of Information and Communication Technology (Hons) : CGPA 3.78/4	
G.C.E Advanced Level Examination	Technology stream
Etec,SFT,ICT-AAA Island rank-121 District rank-09	
Institute of Computer Engineering Technology (iCET)	
Diploma in Software Engineering	

Skills

Languages	Databases & Persistence
Java , Python , C , JavaScript , TypeScript , C# , HTML	MySQL , PostgreSQL , JPA , Hibernate, Flyway
Frameworks & Libraries	Tools & Platforms
Springboot , React.js , Next.js , Angular , Bootstrap , Tailwind CSS , JUnit , vite	Git , GitHub , GitLab , Docker , AWS , Postman , Swagger VS Code , IntelliJ IDEA , Vercel , Figma , Kafka , Kubernetes, Grafana K6
Architectures , Design Patterns , OOP , REST API	

Projects

Patient Management System – Backend

Designed and developed a microservices-based system with independent services for patient management, billing, and analytics, implementing REST APIs, Kafka-driven event communication, and Docker containerization for consistent deployment.

Military Defence System Simulation

Simulated defense units management using Java, Java Swing, and the Observer Design Pattern.

Beauty of Cloud - event website

Developed a responsive website for Sri Lanka’s first student-led Cloud Ideathon, Utilizing Next.js and improved Largest Contentful Paint from 12s to 3.94s for faster load times and better user experience.

POS System

Created a desktop application with JavaFX, MySQL, and Jasper Report. Features include user authentication, real-time email notifications, and comprehensive reporting tools.

Certifications

<u>MySQL Implementation Certified Associate</u>	<u>AWS Cloud Technical Essentials</u>
<u>Docker Foundations Professional Certificate</u>	<u>CodeKloud Kubernetes and Cloud-Native Associate</u>
